## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 4, 6-8, 10-17, 19 and 20 are allowed.

The following is an examiner's statement of reasons for allowance:

2. With respect to independent Claims 1, 15 and 20, the subject matter of these claims is allowable because the prior art fails to further teach the limitations describing the combination of a pair of gerotors being axially spaced and coaxially aligned, each of said gerotors having an inner gear, and means to rotate said inner gear, said mass, and said bearings eccentric from an axis of said shaft in a selected rotational direction to cause said mass, said inner gears and said bearings to backwards whirl in an opposite rotational direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
